# THE HISTORIC AMP. MAKING HISTORY AGAIN.

The classic, vintage tube amp of yesterday is back — made by hand, played by superstars.

Magnatone's invention of the electrical vibrato amplifier circuit in 1957 was, and remains, the standard for true pitch shifting effects. Today's line of Magnatone models incorporate that same vibrato circuitry which, as experts know, includes silicon carbide varistors, as well as vacuum tubes, to achieve the "True Dimensional Sound" for which Magnatone is famous.

Billy Gibbons, Slash, the late Jeff Beck, Neil Young, Jason Isbell, Lukas Nelson and countless others affirm that after years of R&D, artist input, and rugged testing, the best amp you can buy has arrived. No other amplifier has the blend of rich history and modern engineering that you find in the American-made Magnatone.

# TRADITIONAL COLLECTION

HERE, VINTAGE ISN'T JUST A WORD. IT'S AN AMP.

Built in the tradition of the great American-made tube combos of the '60s, the Traditional Collection has fidelity and tone that must be heard to be believed! With tube-driven reverb, tremolo, and our true pitch-shifting varistor vibrato, the traditional collection amps truly are the evolution of boutique tone!

ALL MODELS OF THE TRADITIONAL COLLECTION ARE AVAILABLE IN FOUR COLORS.

Traditional Brown

Camel

Dark Green

Spanish Moss

# STARLITE®

A SOUND MUCH BIGGER THAN ITS POWER RATING.

## FEATURES

The Starlite joins the Magnatone Traditional line-up as a much-requested low-power amp perfect for backstage, studio, bedroom, or office. With classic American tones and vintage style, the Starlite rivals anything in the small amp category.

## TECH SPECS

**TUBE COMPLEMENT** (1) 12AX7, (1) 6V6

**POWER OUTPUT** 5 watts, Class A

**SPEAKER** Custom 8" Ceramic Magnet, Made in the USA

**NEGATIVE FEEDBACK** Open or Closed

**TONE CONTROL** Tone control covers both Black panel and Tweed-era amps with a unique designed mid-cut below 12 O'clock

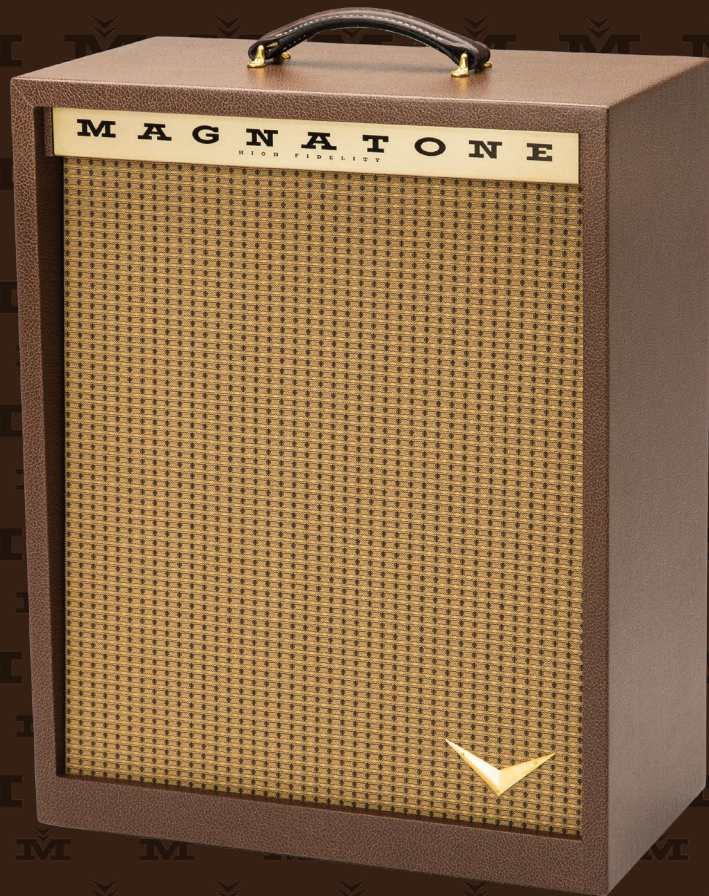

**ACCESSORIES INCLUDED** Luxury Rolls Royce® amp cover

100-120V ~ 50/60HZ T1AL 250V  
220-240V ~ 50/60HZ T.SAL 250V

# STARLITE® EXTENSION CABINETS

DESIGNED AND EXPLICITLY VOICED FOR THE  
MAGNATONE STARLITE 1 X 8" COMBO AMP.

## FEATURES

This USA-built, Warehouse Guitar Speaker (WGS) extension extension cabinet is available in a 1x12" or 2x10" configuration. This vertically oriented cabinet stacks perfectly with the Starlite and is cosmetically matched with the identical materials and touch points of the Starlite and the entire Traditional Collection from Magnatone.

## TECH SPECS 1X12"

**IMPEDANCE** 8 Ohms Mono

**POWER HANDLING** 20 Watts

## TECH SPECS 2X10"

**IMPEDANCE** 8 Ohms Mono

**POWER HANDLING** 40 Watts

**SPEAKER** 2 x WGS Ceramic Magnet 10"

# VARSITY REVERB®

THE EVER-POPULAR VARSITY IN A REVERB VERSION.

## FEATURES

The Varsity is a favorite for gigging guitarists all over the planet. Now there's an even more versatile option - The Varsity Reverb. Same specs and tone, with lush reverb.

## TECH SPECS

**TUBE COMPLEMENT** (2) 12AX7, 12DW7, (2) EL84, GZ34

**POWER OUTPUT** 15 Watts Push-Pull Class A

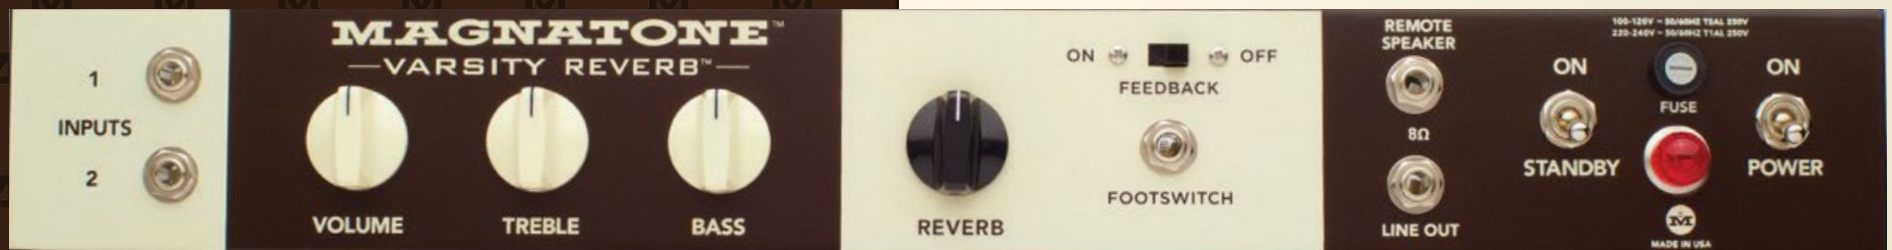

**SPEAKER** Custom 12" Ceramic Magnet, Made in the USA

**NEGATIVE FEEDBACK** Open or Closed

**REVERB** Tube-Driven 4 Counterwound Springs, Long Pan

**ACCESSORIES INCLUDED** Two button footswitch, luxury

Rolls Royce® amp cover, and 20ft cable; all made in the USA

# PANORAMIC STEREO®

TRUE DIMENSIONAL SOUND  
ON A WHOLE NEW DIMENSION.

## FEATURES

Clothed in the vintage brown and gold cosmetics, the Panoramic Stereo brings the Magnatone stereo experience to a smaller, more convenient size. Two 10" speakers are powered by four EL84 tubes (12 + 12 watts) of all-tube stereo power for a very compact and wide sounding amplifier. All of this plus Magnatone's exclusive Varistor Pitch-Shifting Vibrato, Tremolo, and a full-length Accutronics reverb tank means you can get the sound of a Twilghter Stereo in the perfect size for grab-and-go gigs or rehearsals.

## TECH SPECS

**TUBE COMPLEMENT** (3) 12AX7, 12DW7, (4) EL84

**POWER OUTPUT** 12+12 Watts Push-Pull Class AB Stereo

**REVERB** Tube-Driven 4 Counterwound Springs Long Pan

**VIBRATO** True Pitch-Shifting Varistor Vibrato,  
Switchable to Conventional Tremolo

**SPEAKER** (2) Custom 10" Ceramic Magnet, Made in the USA

**OPTION** Available as Head

**ACCESSORIES INCLUDED** Two-button footswitch, luxury Rolls Royce® amp cover, & 20ft cable; all made in the USA

**OPTIONAL ACCESSORY** Remote speed pedal

# TWILIGHTER®

HAND MADE AND HANDS DOWN AMAZING.

## FEATURES

The Twilighter has the classic American clean sound powered by a 6Z34 and a pair of 6V6's for 22 watts of clean power. Extensive R&D development with the original varistor vibrato for the classic Magnatone Pitch-Shifting Vibrato effect. The best sounding single 12" speaker amp on the market.

## TECH SPECS

**TUBE COMPLEMENT** (4) 12AX7, 12AU7, (2) 6V6, 6Z34

**POWER OUTPUT** 22 Watts Push-Pull Class AB into 8 Ohms

**REVERB** Tube-Driven 4 Counterwound Springs Long Pan

**VIBRATO** True Pitch-Shifting Varistor Vibrato  
Switchable to Conventional Tremolo

**SPEAKER** Custom 12" Ceramic Magnet, Made in the USA  
**ACCESSORIES INCLUDED** Two-button footswitch, luxury Rolls Royce® amp cover, and 20ft cable; all made in the USA

**OPTIONAL ACCESSORY** Remote speed pedal

# TWILIGHTER STEREO®

THE STEREO VERSION OF A CLASSIC.

## FEATURES

Never before has this effect been recreated in its original form, Magnatone's Stereo Pitch-Shifting Vibrato is truly dimensional sound. The classic American sound has been updated and brought into the 21st Century. Both vibrato and tremolo are available via the FM/AM switch. This is amp Americana, oozing classic tone that's a powerful tribute to its historical roots.

## TECH SPECS

**TUBE COMPLEMENT** (5) 12AX7, (2) 12AU7, (4) 6V6, GZ34

**POWER OUTPUT** 22+22 Watts Push-Pull Class AB Stereo

**REVERB** Tube-Driven 4 Counterwound Springs Long Pan

**VIBRATO** True Pitch-Shifting Varistor Vibrato  
Switchable to Conventional Tremolo  
Mono/Stereo, Wet/Dry Operation

**SPEAKERS** (2) Custom 12" Ceramic Magnet, Made in the USA

**OPTION** Available as Head

**ACCESSORIES INCLUDED** Two-button footswitch, luxury Rolls Royce® amp cover, and 20ft cable; all made in the USA

**OPTIONAL ACCESSORY** Remote speed pedal

# BABY M-80®

CLASSIC BRITISH CRUNCH AT ANY VOLUME

## FEATURES

The Baby M-80 amplifier is designed to give you a portable and powerful amplifier in a unique and authentic package. The amp is built around a 6AQ5 NOS Pentode tube. 12 watts of full-bodied clean power is obtained. The 12AX7 front end operates in low- or high-gain modes, delivering robust clean tone and chewy, saturated overdrive. The master volume delivers classic British crunch at any volume and the effects loop allows you to connect your favorite pedals with ease.

## TECH SPECS

**TUBE COMPLEMENT** (3) 12AX7, (2) 6AQ5/6005

**POWER OUTPUT** 12 watts push-pull, Class AB

**INPUT** 1 Megaohm Impedance

**GAIN** Two independent modes — LO and HI gain

**SPEAKER** Custom 10", Ceramic Magnet, Made in the USA

**OPTIONAL EXT. CAB** 1x10"

**OPTIONAL** Available as head or 1x10" combo

**AMP COVER** Made in the USA

# SUPER FIFTEEN®

THE LITTLE BIG AMP.

## FEATURES

The new master volume model for professionals and amateurs alike. Enjoy 15 watts of dual EL-84 tubes for British sparkle, chime, and gain in a compact size. Perfect for a medium-sized club. A speaker emulation feature lets you use the headphone jack for practice, so you can use the headphone jack with separate volume control, or go direct to console or computer.

## TECH SPECS

**TUBE COMPLEMENT** (3) 12AX7, (2) EL84

**POWER OUTPUT** 15 watts push-pull, Class AB

**INPUTS** Low gain sensitivity; high gain sensitivity

### IMPEDANCE SELECTOR

# SUPER FIFTY-NINE M-80®

45-WATT, EL-34 AMP THAT COMBINES THE TONE AND GAIN STAGES OF THE MARK I AND MARK II INTO ONE FLEXIBLE, FOOTSWITCHABLE PACKAGE.

## FEATURES

We've put the Super Fifty-Nine Mk. I and Mk. II models into one versatile tone machine. This 45-watt, EL-34 driven 80th anniversary model combines the low to medium gain tones of the Mark II with the extra gain stage of the Mark I. Access it all via front switch or footswitch. Comes with a tube-buffered effects loop, and the same palette of tone controls as the other models. We've created a clear signal path of pure tonal bliss.

## TECH SPECS

**TUBE COMPLEMENT** (4) 12AX7, (2) EL34

**POWER OUTPUT** 45 watts push-pull, Class AB

**GAIN** LO-HI; footswitchable LO to HI gain,  
One-button footswitch included

### IMPEDANCE SELECTOR

Head - 4, 8, and 16 Ohms

Combo - 8 and 16 Ohms

# The Slash Signature Collection

INTRODUCING THE  
**Slash Signature Collection**

The Magnatone SL-100 was developed with Slash to meet the needs of his amazing, singular style. Slash began using M-80's during the GnR 2023 world tour. The SL-100 takes it to the next level of tone, gain and headroom that he requires. A quartet of EL34's and 12AX7's deliver two gain modes - LO is voiced like a vintage SL amp from the 60's-70's that is that is dazzling in depth, sensitivity and tonal quality. HI gain mode is designed with a cascaded preamp that has been finely tuned to optimize the sound for Slash's guitars. A great-sounding master volume, 4-band EQ and a tube-buffered effects loop complete the amplifier, giving you the tools you need to dial in your sound. The SL-412 speaker cabinet is loaded with Celestion Vintage 30 speakers that deliver smooth and creamy breakup and biting upper mids that are hallmarks of Slash's tone.

# The Slash Signature Collection

MAGNATONE SL-100 - BLACKOUT EDITION

Made in the U.S.A.

# Magnatone SL-100 Blackout Edition

SLASH SIGNATURE COLLECTION

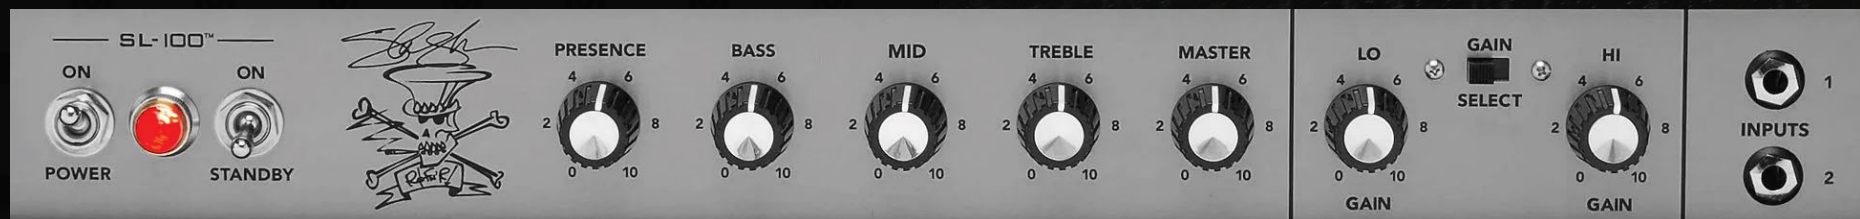

Wrapped in a sleek, stage-stunning black 100% cotton croc textile (that ages better than most of us will), the Slash-designed Blackout Edition has the same hand-built specs and features as the Limited Edition, but with a Blackout rock and roll attitude.

Like all Master Collection amps, the Blackout Edition is a 100-watt, Made-in-the-USA all-tube amp. Every component – from caps to cab – is sourced in the U.S.

It's the most powerful amp we've built to date, with enough tone, gain and headroom to fill a stadium or two. And a cool backlit "Magnatone" logo you can see from the nosebleed section.

## FEATURES:

- Developed in collaboration with Slash
- Sleek black croc textile finish
- Footswitchable LO and HI gain modes (with included one-button footswitch)
- British master volume with treble, middle, bass and presence
- Tube-buffered effects loop send and return
- Compensated line out
- Celestion Vintage 30 speakers
- Backlit "Magnatone" logo on 4x12" cabinet
- Four EL-34 tubes for exceptional headroom, clarity and tone
- Pre-amp features four 12AX7/ECC83 tubes

# The Slash Signature Collection

MAGNATONE SL-100 - LIMITED EDITION

Made in the U.S.A.

# Magnatone SL-100 Limited Edition

SLASH SIGNATURE COLLECTION

Slash and our engineers designed the SL-100 Limited Edition. It's a hand-built monster of tone, gain and headroom that more than meets the demands of his sonic specs.

Like all Master Collection amps, the LTD Edition is a 100-watt, Made-in-the-USA, all-tube amp. Every component – from caps to cab – is sourced in the U.S.

A four-band EQ and tube-buffered effects loop deliver versatility and an astounding sound spectrum. The SL-412 speaker cabinet has Celestion Vintage 30's for smooth, creamy breakup and familiar upper mids that are Slash's hallmarks.

The SL-100 is built to handle the rigors of the road, and is perfect for the player who demands the absolute best hand-built tone. And occasionally dons a top hat.

## FEATURES:

- Developed in collaboration with Slash
- Awesome limited edition "Anaconda" croc cotton textile finish
- Footswitchable LO and HI gain modes (with included one-button footswitch)
- British master volume with treble, middle, bass and presence
- Tube-buffered effects loop send and return
- Compensated line out
- Celestion Vintage 30 speakers
- Backlit "Magnatone" logo on 4x12" cabinet
- Four EL-34 tubes for exceptional headroom, clarity and tone
- Pre-amp features four 12AX7/ECC83 tubes

## THE BILLY GIBBONS GOLD COLLECTION.

In response to popular demand, we continue to make available the Golden Anniversary Super Fifteen and Super Fifty-Nine models, initially designed by Billy Gibbons in Ecelebration of ZZ Top's 50th Anniversary.

Special cosmetic appointments such as a cream cabinet covering with gold sparkle grill cloth, solid brass vents, 14-carat gold plated chevrons adorn each amp. Also, each amp includes a certificate of authenticity.

Billy Gibbons has been and remains an integral part of the Magnatone team, and we celebrate his contributions to style and we celebrate his contributions to style and sound with this sharp-dressed Collection.

# THE CROC COLLECTION

## INTRODUCING THE MAGNATONE CROC COLLECTION.

This exclusive covering is made with our proprietary 100% cotton textile fabric made exclusively for Magnatone in the USA. Using a multi-step manufacturing process, our textile begins with a silver base coat and is then embossed with a Croc impression using black dye to create the pattern. Next, custom-colored pigment is painstakingly hand applied to each cabinet, allowing the silver base color to blend with the pigment to create a one-of-a-kind luxurious finish. To complete the process, nitrocellulose lacquer is applied to seal each cabinet resulting in a patina that will look even better as it ages.

Magnatone has secured a limited quantity of this croc material and will offer this genuinely stunning product while supplies last on Master Collection products only. Available at authorized dealers only.
